

SAN RAMON CITY REPORT

Summer 2013

City Election Information

San Ramon will hold its Municipal Election on November 5, 2013. The Municipal Election will be for three seats on the City Council: the Mayor and two City Councilmembers. The Candidate's Nomination Period opens on July 15, 2013 and closes on August 9, 2013 at 5:00 p.m. If one of the incumbents does not file by August 9, the Nomination Period closing date will be extended for 5 days to August 14, 2013. Please contact the City Clerk's office at 973-2539 for additional information.

Are you registered to vote? New residents, as well as residents who will be 18 before the election, are

encouraged to register. You need to re-register to vote when: you move; change your name; or change your political party affiliation. Voter Registration forms are available at the City Clerk's office and the public libraries or you can register online at www.sos.ca.gov/elections/register-to-vote. The Contra Costa County Elections Department website, www.cocovote.us, has complete information on voter registration, absentee ballots, poll locations, and election results.

Saturday, July 27, 9:00 am -12:00 pm, Bellingham Square Park

The City of San Ramon is home to 54 beautiful parks that San Ramon residents are proud of, and that thousands of people enjoy each week. We value our local parks for the serenity of natural spaces and as places to play and exercise. Every month volunteers are asked to join our professional park maintenance staff for a day sprucing up neighborhood parks, trails and open space for the health and enjoyment of all our residents. Tasks

may include: planting, pruning, applying mulch, replacing sand box materials, painting and general clean-up. These events are open to all ages however children under 13 must be accompanied by an adult. Volunteers are asked to bring work gloves and will need to register in advance. Please contact Bonnie Mertz at bmertz@sanramon.ca.gov or (925) 973-2608. Register online at citylights.volunteerhub.com.

Emergency Preparedness Exercise

On Wednesday, May 15th local and regional emergency managers and disaster service workers joined together in San Ramon to exercise the valley's emergency operations plan. This drill is part of the state wide federally funded Golden Guardian program. First implemented by former Governor Arnold Schwarzenegger in 2004, it has since become the most comprehensive state-level exercise series program in the country. The goal is to exercise and assess emergency operations plans, policies, and procedures for all-hazards/catastrophic incidents at the local, regional, and state levels.

All ten bay area counties and up to 46 local governments participated in the exercise. The exercise scenario began on day 3 following a 7.9 Richter Magnitude Earthquake on the San Andreas Fault outside the entry to the SF Bay. The exercise allowed City employees to practice recovery tactics, shelter operations, evacuations due to secondary emergencies, volunteer management and the coordination of local government resources to a simulated event. In an actual event, the City of San Ramon may not be severely affected yet will respond to the needs of others most affected around the bay area. The City would be a host to those in need of shelter and medical aid. The City would support the expanded role of the Regional Medical

Center and assist in coordinating support to meet the needs of the injured.

Thirty-five staff members operated in the Emergency Operations Center (EOC) located at the San Ramon Valley Fire Protection District offices and practiced several scenarios including dealing with secondary emergencies such as fires, debris

management, care and shelter needs, and natural gas events. Transportation issues, rescue efforts, and command and control activities were also tested.

The drill extended beyond the EOC with a practical evacuation of a residential care facility and with Community Emergency Response Team (CERT) members visiting care homes throughout the community. Those with access and functional needs, such as the elderly, are one of our most vulnerable populations in an

emergency. It is important that we work with our home based care givers to teach them how to evacuate their residents safely and quickly should they be in imminent danger.

The exercise took over 6 months of planning, preparation, and creativity by a dedicated Exercise Planning Team that included representatives from all City of San Ramon departments, San Ramon Valley Fire Protection District, San Ramon Regional Medical Center, American Red Cross, and the CERT volunteers. The 352nd Combat Support Hospital from Camp Parks also participated in the planning phases. They were prepared to erect a mobile field hospital in Central Park, as identified in the Bay Area Catastrophic Response Plan. Federal sequester cuts prevented their participation in the exercise.

**City of San Ramon
 SMOKING REGULATIONS**

Smoking is considered a serious public health issue. For many years nearly every city in the state has regulated smoking at various locations. The State Legislature has adopted strict restrictions on smoking in the workplace. On February 26, 2013 the City Council updated the City of San Ramon Ordinance. The critical provisions of the new ordinance are:

SECTION B6-73. PROHIBITIONS

A. Smoking indoors or outdoors, in enclosed or unenclosed spaces and on all property – public or private – within the City of San Ramon is prohibited except as provided in B6-74 below. Additionally, smoking is prohibited at outdoor community events open to the public such as Farmers Markets, even if the event is held on property or at a location where smoking would otherwise be allowed under this ordinance.

SECTION B6-74. EXEMPTIONS

The prohibition in Section B6-73A against smoking shall not apply to the following:

- A. Smoking inside a single family dwelling unit which is not licensed as a family day care facility and in the yard of such unit so long as any outside smoking is not within 25' from any entrance, exit, operable window or air intake of a neighboring single family dwelling unit.
- B. Smoking inside a multi-family housing unit and in an unenclosed area designated for smoking by the owner or person/entity in control of the property but not on patios or balconies accessed from an individual unit or in common areas open to public access or to unrestricted common areas such as hallways. The unenclosed designated smoking area must be at least 25' from any individual unit and at least 25' from unenclosed areas used by children or for physical activity such as swimming or tennis. It must have a clearly marked perimeter and be identified by conspicuous signs.
- C. Smoking inside a personal vehicle not used for hire such as a taxi but only when there are no minors in the vehicle.

- D. Smoking on public sidewalks at locations not adjacent to a public or private park or school and not within 25' from any entrance, exit, operable window or air intake opening of any building used for residential or commercial purposes.
- E. Smoking in privately owned unenclosed parking lots open to the public but not within 25' of any commercial building served by the parking lot or within 25' of buildings on adjacent properties.
- F. Smoking in workplace designated smoking areas but only to the extent preempted by and allowed under State law (California Labor Code section 6404.5).
- G. Smoking in privately owned enclosed facilities at private social events not open to the public such as wedding receptions but only to the extent allowed by the owner or person/entity in control of the property or facility and only in designated smoking areas conforming to the standards set forth in section 6404.5 of the California Labor Code.
- H. Smoking in designated rooms rented to guests in hotels and motels so long as the number of such rooms does not exceed 25% of the total rooms in the hotel or motel.
- I. Smoking on any outdoor area of golf courses. An Owner or person/entity in control of a property or facility for which an exemption is available under this section nonetheless may prohibit smoking on the property or in the facility for any reason.

We appreciate your continuing cooperation.
