CONSTRUCTION NOTICE

Crow Canyon Road Widening Project (Alcosta Boulevard to St. George Road)

We are happy to announce that construction of the Crow Canyon Road Widening Project will begin in June 2022.

The Project will improve Crow Canyon Road by adding one additional driving lane in each direction between Alcosta Boulevard and St. George Road. Additionally, the improvements will consist of improved facilities for pedestrians, green bike lanes, new landscaping, updated traffic signals, new streetlights, and a newly paved roadway. Project completion is anticipated by the end of 2023.

During construction there will be major disruption to traffic with lane closures, traffic control, reduced speed limit, and traffic delays. The construction will be phased, beginning with work and lane closures around the medians. There will be at least one lane open, in each direction, on Crow Canyon Road at all times. Pedestrian and bike detours will also be implemented, where necessary. Construction hours will be 8:00 a.m. to 5:00 p.m., Monday – Friday with occasional weekend or night work. Access to all streets and driveways will be maintained. Residents, commuters, and businesses are encouraged to use alternate routes such as Dougherty Road, Bollinger Canyon Road, and Alcosta Boulevard during construction to minimize travel delays.

Please visit the Project webpage at <https://www.sanramon.ca.gov/CrowCanyonWidening> or call the City of San Ramon at (925) 973-2670.

Thank you for your patience and cooperation during construction.
