**Subject:** Press Release – Arrest of Marijuana Cultivation Suspects

---

**Incident:** Marijuana Cultivation / Theft of Power  
**Date:** November 4, 2015  
**Time:** 7:15 am  
**Locations:** 3181 Wrangler Rd, San Ramon (Search warrant location)  
4762 Travertino St, Dublin (Search warrant and arrest location)  
6003 Old Quarry Loop, Oakland (Search warrant location)

### DETAILS

On November 4<sup>th</sup>, 2015 at 7:15 am, the San Ramon Police Department Investigation Unit served simultaneous search warrants in San Ramon and Dublin following a lengthy investigation into illegal marijuana cultivation. Sophisticated indoor marijuana grow operations were found at both locations along with a combined total of just under 700 marijuana plants.

The suspects listed below were arrested in Dublin and were linked to both cultivation locations based on the evidence seized. At both the San Ramon and Dublin residences, PG&E power sources were manipulated in an effort to avoid detection and payment for extremely excessive power usage. The two suspects involved were arrested and booked at the Martinez Detention Facility for the charges listed below.

The Oakland search warrant was served at 11:10 am as a follow-up to information obtained during the investigation and search warrants. Evidence linking both suspects to the cultivation locations was found during the Oakland search.

We would like to thank the Dublin Police Department for their assisting with the service of the search warrants and the arrest of the suspects at the Dublin location.
