SMALL WIRELESS FACILITIES PREAPPROVED DESIGN NOTICE

(CITY COUNCIL RESOLUTION NO. 2019-087 - SECTION 12 PREAPPROVED DESIGNS)

PURPOSE:

This notice is prepared in accordance with the Council Policy on Small Wireless Facility and Other Infrastructure Deployments Within the Public Right-of-Way (Policy), adopted by City Council Resolution No. 2019-87, and posted at City offices and the City website to inform the public of the preapproved small wireless facility designs.

APPLICATION

Applicant: AT&T Mobility
Application Filing Date: July 12, 2019
Project Location: Citywide

Action:

On August 8, 2019, the Architectural Review Board (ARB) reviewed two designs of small wireless facilities and recommended final approval with conditions to the Community Development Director. The conditions required shielding of all wires and cables, and to use a paint color to match the existing structures. The Applicant submitted revised project plans fulfilling the required conditions on May 5, 2020.

On May 28, 2020, the Community Development Director found that the designs of small wireless facilities as recommended by the ARB with conditions substantially comply with the design standards in the Policy and approved the Preapproved Designs for both residential and non-residential zones.

Design Descriptions:

The Preapproved Designs for small wireless facility consists of a pole-top mounted antenna inside an approximately 10.75 inch-diameter shroud on either a 26'-7" tall or 30'-0" tall streetlight standards or approved equal poles, plus associated radio units and switches at least 8'-0" above grade.

Effective Date:

The Preapproved Designs with this action will be **effective on June 16, 2020**, unless a written appeal to the City Manager is filed with the City Clerk's Office by **5:00 p.m. on Monday, June 15, 2019**.
