I have reviewed the attached statement and I understand that no corrections or changes are allowed after it has been filed (pursuant to EC 13307). I understand that Contra Costa County is mandated under the Voting Rights Act to provide voting materials and information in English, Spanish, and Chinese.

I do not wish to file a Candidate Statement.

Dated 08/10/2020 Signature of Candidate _____

I am proud to call San Ramon my home. It is a privilege to grow up in such a beautiful city and I am humbled by the opportunity to give back. I am running for City Council because I believe in the bright future that San Ramon has to offer.

Our city has thrived because of great past leadership. I cannot lead without learning so I look to predecessors as mentors. I seek to continue successful past programs with the fresh perspective that my youth brings. Without new voices, stagnation and complacency can occur. As a community organizer, I understand how to listen and advocate for others, and because I have lived and gone to school in the district since I was three years old, I know the voices in our community personally. I am confident that my experience, excitement and energy will make me an effective City Council Member.

Our city is a community of families. To secure a safe and bright future for all of us, I will invest in the San Ramon family. I plan to invest in community development, mental health services for students, arts and recreation centers, green spaces, and daycare centers. San Ramon is a cultural hub because of the diversity of our community. I will work to put programs in place that recognize and support all of the amazing aspects of San Ramon living.

My priority will always be helping our community. We have numerous opportunities to grow and thrive, but without the right leadership, they will not be recognized and we will lose our prosperity. I am ready to work hard and selflessly advocate for San Ramon with my unique perspective that comes with growing up here. With warmth, determination and an open heart, I will serve each and every one of you.

On November 3rd, I humbly ask for your vote. Join me and together we can secure a bright future for San Ramon.
