I have reviewed the attached statement and I understand that no corrections or changes are allowed after it has been filed (pursuant to EC 13307). I understand that Contra Costa County is mandated under the Voting Rights Act to provide voting materials and information in English, Spanish, and Chinese.

I do not wish to file a Candidate Statement.

Dated 08/05/20 Signature of Candidate _____

Name: Sridhar Verose

Occupation: Technology Engineer/San Ramon Parks Commissioner

Official Ballot Designation: Engineer/PCS Commissioner

I'm an engineer, my wife, a pharmacist – we've lived in San Ramon for 15 years, where we raise our two sons who attend San Ramon schools. I'm running for City Council to protect our great quality of life.

I believe that San Ramon is a very good City in which to live, raise a family, work, and to be committed to. Our public park system is outstanding and the City works closely with the School District to address issues and opportunities that affect our children. And no other City in the area has done more to acquire and preserve public Open Space for its residents. But, our City leadership is changing. At least one current Councilmember and the Mayor are leaving public office next year and new people with the experience and commitment to the City will be needed. I believe that my 12 years volunteer service experience in our community and as a current member of the City's Parks and Community Services Commission(PCS), and participating in rolling out PCS 10 years Masterplan update that shapes our community future have given me the knowledge, experience, and foresight to help guide the City forward, to meet our current challenges and opportunities and have demonstrated my commitment to the City.

My priorities should you elect me your representative on the City Council are:

- **Public Safety** – Maintaining a fully-staffed police department working in neighborhoods to prevent home/car burglaries and other crimes. I started a neighborhood watch group – we're online and looking out for one another.
- **School Safety** – I would like to see city and School District improve efforts to keep students safe from violence, drugs and bullying.
- **Growth/Open Space** – I will oppose new development that threatens our beautiful natural resources.
- **Balancing Budgets** – I'm an engineer, schooled in attention to detail. I will read/study San Ramon's budget and work diligently to ensure City funds continue to be spent wisely and efficiently in consideration with impact by Covid 19 pandemic.

I'm a member of Rotary, the San Ramon Chamber of Commerce, Founder of San Ramon Cricket Association, Founding and steering committee member of San Ramon Valley Diversity Coalition. I'm supported by San Ramon Mayor Bill Clarkson, Council Member Phil O'Loane and many other community leaders. **Earning your vote would be my greatest honor.**
