

Who's watching?

CAN ANYBODY SEE ME?

When you are around water it is very important to have a grown-up watch you. What do eyes that are watching you look like? Circle the pair of eyes that are watching you.

When you're in water, stay in view.
Be sure a grown-up watches you.

When you are in the water, if you don't see a grown-up's eyes watching you, what should you do?

& THINK
