JAKE SHIMABUKURO

Saturday, November 6, 2021 at 8:00pm

Dougherty Valley Performing Arts Center

Shimabukuro's wholly unique approach to the ukulele started early. As a youngster growing up in Honolulu, Hawaii, Shimabukuro started playing the instrument at the age of four, learning the basics from his mother, Carol, and then developing his craft further by studying the likes of musical masters such as Eddie Kamae, Ohta-San and Peter Moon. As he matured, Shimabukuro also found inspiration from guitar players, drummers, pianists, and singers. Even athletes helped fuel the intensity of his artistic fire. Since his touring career began with a viral ukulele rendition of "While My Guitar Gently Weeps" on YouTube, Jake Shimabukuro has been continuously entertaining audiences with his wholly unique instrumental music. The 12 tracks that comprise his latest album, *The Greatest Day*, feature some of Shimabukuro's most imaginative and adventuresome playing yet, with original material and reinvented versions of hits like The Beatles' "Eleanor Rigby," Ed Sheeran's "Shape of You" and Jimi Hendrix's "If 6 Was 9." Along with his tremendous professional achievements, Shimabukuro's personal life is filled with riches. He's a loving husband and proud father of two boys. While balancing career with family, he also remains firmly rooted in his commitment to community, frequently performing at schools in Hawaii and overseas, urging youngsters to find their passion and live drug-free.

Dougherty Valley Performing Arts Center

Life can be gray or colorful - this time it is going to be very colorful! After another long day full of meetings and deadlines, Mr. B finds himself transported to a magical world that's inhabited by seahorses, dragon fish, starfish, mermaids, clown fish and more. They carry Mr. B along his imaginary journey in this beautiful underwater world where fantasy becomes reality and you are invited to follow him. Taking cues from Cirque du Soleil, the visually spectacular show incorporates the latest in stage technology combining dancers, acrobats, lasers, snow cannons, soap bubble tornadoes, theatrical fog, gigantic smoke rings, smoke-filled soap bubble machines, optical illusions and many other surprises. Lasers, low ground smoke and flying foam simulate waves and the underwater atmosphere. A juggler in a huge plastic ball is the performer that immediately attracts Mr. B and the audience into Bubblelandia's wondrous world, while dancers and acrobats serve as small colorful fish chasing Mr. B and each other inside the aquarium. The main character is played by a skillful actor/ mime exaggerating his gradual transformation from stressed out modernity to blissed out wonder, transporting the audience into this parallel universe of joy and freedom.
