Emergency Supplies Plans	Fire Hazard Mitigation Plan
 □ We have food for family members and pets for 3 days. □ We have a minimum of 2 gallons of water per person per day for at least 3 days. The more water you can store, the better off you will be people in household x 2 gals = gals. 	 Protecting lives from fire □ We have at least one A-B-C fire extinguisher in our home and know how to use it. □ We keep fresh batteries in our smoke detector(s). □ We do not overload our electrical outlets. □ We store flammable liquids in air-tight containers away from ignition sources such as
I know where I have:	pilot lights.
☐ Cash and coins.	
☐ First aid items.	Landscaping against fire
☐ Flashlight, radio, tools, & sanitation supplies.	 We have cleared our property of excess and dead vegetation and highly flammable plants.
☐ We know where emergency shelters are located.	☐ We have trimmed branches that hang over our home.
☐ We store camping gear in one place. Tent, lanterns, sleeping bags, stove can double as emergency equipment; if possible store it	We trim grass and vegetation at least 30 feet around our home.
with your other emergency supplies.	☐ We have garden hoses connected to outside
with your other emergency supplies. ☐ We have car and workplace mini-survival	faucets.
kits. We have additional supplies in:	☐ We store firewood away from our house.
(place) Maintenance Plan Every six months: Check and replace as peeded:	 Home maintenance □ Our house numbers are large and easily read from the street. □ We have spark arresters on our chimneys. □ Our roof is fire-retardant. □ We keep leaves and debris out of our raingutters.
Check and replace as needed: batteries for flashlights, smoke	
detectors, radio, etc.	Earthquake Mitigation Plan
Review family plans	
Conduct a fire drill	
Rotate water supply	Surviving the event
Every year: Rotate canned goods Update school release forms Replace emergency medications Review the Workbook	 My family and I have read the information on earthquake preparedness in the Emergency Preparedness Workbook. Home preparedness We keep mini-survival kits in our cars and workplaces.
Every two years: Update personal property inventory Update insurance policies	 We have attached the necessary tools to the utility shut-off valves. □ We have done a home hazard hunt and corrected hazards we found.
Every three years: Replace non-fat dry milk Replace freeze-dried foods	© 1997 EBMUD. All rights reserved. Revised 1999.
