

## NOTICE OF CONSTRUCTION

### CENTURY LINK/LEVEL 3 COMMUNICATIONS FIBER CABLE INSTALLATION PROJECT - BOLLINGER CANYON ROAD

**Planning Construction Period: August 2020 to September 2020**

Staff issued an Encroachment Permit to Century Link/Level 3 Communications' contractor, Golden State Utility Company (GSUC), for the installation of new fiber cable along Bollinger Canyon Road, west of Bishop Ranch Road. This project is necessary to maintain the Century Link/Level 3's fiber cable system as well as upgrade the services for digital cable television, digital telephone, and high-speed data. Details of the permit issued are as follows:

- Project scope: potholing of existing utilities; one new vault installation; approximately 350 feet of directional bore; and placement of three 1.5" conduits approximately 1,050 feet in length for fiber installation.
- Limits of work: start at an existing vault on the sidewalk approximately 400 feet west of Bishop Ranch Road, continue east along the south side of Bollinger Canyon Road behind the curb, and end in the new vault approximately 50 feet west of Bishop Ranch Road, as shown on Exhibit A.
