

NOTICE OF CONSTRUCTION

MCI/VERIZON FIBER CABLE INSTALLATION PROJECT SAN RAMON VALLEY BOULEVARD & FARIA PRESERVE PARKWAY AND FOSTORIA WAY & CROW CANYON PLACE/CAMINO RAMON

Planned Construction Period: September 2020 to October 2020

Staff issued two Encroachment Permits to MCI/Verizon's contractor, Golden State Utility Company (GSUC), for the installation of approximately 900 feet of new fiber cable. The work will take place along the east side of San Ramon Valley Boulevard from Faria Preserve Parkway north 600 feet, and at the intersection of Fostoria Way and Crow Canyon Place/Camino Ramon in the Town of Danville. The Town of Danville has also approved and issued a permit for the work in their right-of-way on Camino Ramon. These projects are necessary to maintain the MCI/Verizon fiber cable system as well as upgrade the services for digital cable television, digital telephone, and high-speed data. Details of the two permits issued are as follows:

- San Ramon Valley Boulevard
 - Project scope: potholing of existing utilities; one 4'x4' bore pit; 700 feet of directional bore behind the curb; and placement of approximately 700 feet of conduit for fiber installation.
 - Limits of work: start at the southwest corner of Faria Preserve Parkway and San Ramon Valley Boulevard, cross San Ramon Valley Boulevard, and then continue north along the east side of San Ramon Valley Boulevard behind the curb to an existing vault approximately 600 feet north of Faria Preserve Parkway, as shown on Exhibit A.
 - Work Schedule – September 21st – October 2020

- Fostoria Way/Crow Canyon Place/Camino Ramon
 - Project scope: potholing of existing utilities; one 4'x4' bore pit; one new vault installation; approximately 200 feet of directional bore behind the curb on Fostoria Way, Crow Canyon Place, and Camino Ramon; and placement of approximately 200 feet of conduit for fiber installation.
 - Limits of work: start at the northeast corner of Fostoria Way and Camino Ramon in the Town of Danville's right-of-way, cross Camino Ramon, cross Fostoria Way to the south, and end at the new vault in the sidewalk on the southwest corner of Fostoria Way and Crow Canyon Place, as shown on Exhibit B.
 - September 28th – October 2020
