

NOTICE OF CONSTRUCTION

12720 ALCOSTA BOULEVARD

SUMMIT SENIOR ASSISTED-LIVING & ALZHEIMER'S MEMORY CARE

Planned construction period: July 31, 2017 – February 2019

Construction has begun for the Summit Senior Assisted-Living and Alzheimer's Memory Care project located at 12720 Alcosta Boulevard, on the east side of Alcosta Boulevard south of the San Ramon Regional Medical Center. This project will develop an approximately 2.60 acre parcel adjacent to the existing Church of the Nazarene.

This project will provide for the construction of a new two-story, approximately 52,000 square foot, 82-bed senior assisted-living and memory care facility. In addition to the new building, the site will contain on-site landscaping improvements and a new parking lot with 173 on-site parking spaces that will be shared with the Church of the Nazarene.

Construction activities shall be limited to the hours of 7:30 a.m. to 5:00 p.m. on weekdays and 9:00 a.m. to 4:00 p.m. on Saturdays.

While the Project has been planned to minimize impacts to the public, some construction impacts and inconveniences cannot be avoided. The City will continue to work closely with the Developer to minimize impacts as much as possible.

The following contact information is provided if you have questions or concerns regarding this Project:
