

How to Use Apple's Safari with GovQA

To use Safari on Mac OSX High Sierra, cookies and cross site tracking must be allowed.

- 1. From the Safari Menu, go to Preferences.
- 2. Select Privacy.
- 3. Make sure "Block All Cookies" is NOT checked.
- 4. Make sure "Prevent cross-site tracking" is NOT checked.
- 5. On older versions of Safari (Sierra and earlier), choose "Always Allow" under Cookies and Website Data in the Privacy Window.

Older versions of Safari Sierra and El Capitan
